Hello peeps! This is mostly fluff since Idk what to do rn ..... Enjoy !!!

(Y/N) 's p .o.v.

I had just finished my latest painting. A single flower in a beautiful mountain range with fresh snow. 'Beautiful' I whispered to myself. Just as I was about to put my signature at the bottom I heard a knock on the door making my ears perk up. I hopped off my stool and push it down in order to reach the front door. I rolled the stool to the front door and opened it. "Hi (Y/N)!" America said as soon as I opened the door. I squeaked in surprise and because he almost toppled me over!

"Hey Ame!!!" I chirped happily as he scratched my ears. I couldn't help but purr at the feeling.(Inspired by IcyDangenheart). "So are you gonna come in or no?" I asked. He looked at me with a 'well that's why I'm here' face as he picked me up and moved the stool to the side. As soon as he put me down I quickly got hold of his jacket sleeve "Come on,I wanna show you my newest painting!" I squeaked almost making him fall on me due to my height.

I left my door open do he would only have to push it to get in. "Close your eyes!" I giggled. I can't help but feel happy near him. He closed his eyes, covering them with his free hand for good measure. I pushed my door a little and walked over to my landscape painting. I hope he likes it.

Ame's p.o.v
"Open your eyes now!" (Y/N) squeaked cheerfully. My eyes revealed a tranquil painting of a mountain range with a purple flower in the middle." It's beautiful!" I said making (Y/N) smile brightly. I loved the way she smiled. It made her eyes glitter with pride. I've have had a crush on her ever since we were thirteen but never had the chance to say 'I love you' or confess to her. Suddenly, an idea appeared in my mind.

"But...." I started off leaving (Y/N)'s tail droop. "But what?" she asked with confusion and sadness. "It's not as beautiful as your heart." I finished quickly. I couldn't bear seeing her sad. She blushed at the comment" R-really?" she asked. '*Shit her stutter is cute!'* I thought to myself. I bent down to her height and kissed her lips,hoping she'd kiss back. She looked surprised and happy at the same time,she kissed back.

"Take it as a 'yes' " I told her once we parted. She simply smiled back and said "I love you too". With that she put her signature at the bottom of her painting and looked at me. "What's wrong?" I asked. (Y/N)'s eyes glittered with happiness." I'm waiting for you to say it back" (Y/N) said as she sat in my lap and kissed my cheek."...I love you (Y/N)" I chuckled.

This was cringy to write and it's the first time I've written one of these. Over all this was bad. Help me.
Bye <3

Russia× Reader

Hello my beautiful glittering dreams,spawns of Satan,and others!!!
Recommended by Wildfoxtrot
I made Soviet and Russia brothers since I included the Russian Empire* TwT help.** ***Also lime warning??? Idk I'm bad at this QwQ.
(Y/N) P.O.V
Russia and I have been good friends since middle school but...he's been more quiet recently. Whenever I try to talk to him, he'll nod,wave, etc. So it's surprising for him to invite me and Japan (A/n:Cuz why not) over to his house to play (f/g). 'I guess he's gotten out of his phase' I thought to myself as I stared at the text message he had sent. I got up from my bed and went to change. I decided to wear cat ears, a (f/c) hoodie, and some black jeans.

Japan said she would pick me up around 12:30. It was 12:06. So I decided to sketch out a drawing of that Hanaki disease. It brought beautiful flowers but terrible pain. I looked up from my sketch only to hear J-pop being blasted out of Japan's car. Oh how soon I'll be deaf. "Konichiwa (Y/n)-chan!" chirped Japan (a/n:help). "Hello Japan" I simply said as I climbed into her car. I was silent for the rest of the car ride, my mind full of memories of when it was just me and Russia...
~flash back~
I fell off the swings. Others were laughing at my stupidity. All except a teacher trying to comfort me.....and Russia. He silenced the crowd and bent down to me. "I don't need your pity" I said, wiping away a tear that mixed with the dirt on m face. I look behind me to see who pushed my small body off the swing " Turd Roach is dead to me anyways." I mumbled under my breath,glaring at Third Reich (a/n: name inspired by icansenseyourfakeness).

He looked at me with a smirk painted on his face. He fist-bumped Soviet and left before a teacher could scold at them." I'm sorry " Russia whispered as he helped me stand up and gain my balance " I don't care if you hate me, I'm still helping you." Russia said cleaning my face with his free hand and sleeve."But why? Why help me?? " I

asked wobbling. He went silent for a moment, still cleaning my face ".....because you seem lonely and I want to be your friend....." .....an that was all I heard before I felt a pain in the back of my head and fell once more.

A few minutes or so later, I woke up in the school's nurse office. I sat up and looked outside the window of the room. The nurse was talking to my parents and two others. *'Who are they???'* I wondered. "Oh you're awake" said an oddly familiar voice. I looked to my right "Russia???" I asked confused *why would he help me twice?'* I asked myself."Turd Roach- I mean Third Reich threw a rock at you before he left" he explained. That's when I heard shouting from the outside of the room.

All I caught were the words " Small..... mean.....dishonor", before looking outside the window once again. Second Reich and Russian Empire were shouting at two younger people who I assumed were Third and Soviet. "I'm sorry for my brother, (Y/n)" Russia said starring at the floor." It's my fault for being short and naive for my age." I responded getting up and walking over to him "But..... I will need someone to talk to,since I'm 'lonely' and all." I added making Russia's pearl white eyes glitter. "I can really be your friend?!!" He asked with joy. I responded with a tight hug.
~flashback end (this took up two pages of my smol note book)~

"WE'RE HEEEEEERREEE!!!!!" Japan shouted and parked the car,her shout interupting my thoughts. "I guess Andrea forgot to make this a lime story..." I mumbled under my breath, catching Japan's attention and causing her to ask what I had said. "Nothing" I simply said and climbed out of the car. I look over to Japan as she some how got a box of Pocky out of nowhere .....huh.

Russia's P.O.V
I heard a knock on the door.'I guess Japan and (Y/n) are here' I thought '.....(Y/n).....'. I have had a crush on here ever since Third pushes her off the swings. Maybe even before that day but I didn't want here to become an obsession so I stayed quiet since freshmen year of high school and kept feelings for her bottled up. I opened the door to see Japan with her usual bag of Pocky and (Y/n) with the cat ears I got her on her birthday. She looked adorable in with them on.

My thoughts were interrupted by (Y/n) shouting. "Are you ready to lose Russia?!" she said, running in and grabbing the controller closest to her. Japan reasponded with "We'll see about that (Y/n)!!!" as she also ran in, put down her box of Pocky, and grabbed a controller. I simply laughed and followed them. I already had a controller in my hand so I just turned on the TV when I got to them. (Seating arrangement: (Y/n) is in the middle so you choose where Japan and Russia are placed) Before we started Japan said "Winner gets to do a anything to another player."

A few moments later (Y/n) leaped in the air and shouted "I WIN" as she came by down to earth. Japan broke the fourth wall and hung out with author to see her OTP come true *cough cough* I mean- Japan went into the kitchen to 'grab a glass of water' leaving me alone with (Y/n). She turned to me "Winner gets to do anything to another player, Russia~" . My face started to heat up. What-what are you gonna do? " I said looking away but soon was forced to face her again by her hands.'Man,she's strong' I thought.

Before I had time to react, (Y/n) smashed our lips together with no warning,making me gasp. She took the opportunity to slip her tongue in my mouth,claiming every inch off my mouth. I tried to pull away but (Y/n) just pulled me closer, deepening the kiss. I soon melted in and let my hands roam her body, receiving a lustful moan from (Y/n).
click
The kiss was interrupted by a sound."This is gonna be my new OTP!" Japan squealed (Andrea: as if it wasn't) "(Insert combination of (Y/n) and Russia) is what I'm gonna call it." Japan's tone was sprinkled with pride. "I SAW EVERYTHING!!!!!!" A new voice startled us. We turn around to see Russian Empire at the stairs. A smile plastered all over his face. The rest of the time (Y/n) and Japan were here, Japan would always scream out 'SHIP' whenever we got close to each other.
I mega oofed on this one QwQ. Today I slammed a desk top on this one boy's fingers. It wasn't his desk so why did he bother???? .....I didn't even say sorry to him since he was fake crying.

Poland × reader (IM GAY)

Recommended by my friend Lieo (Hi)! Fluff , fluff , and most importantly..... floof . * cough cough * I mean gay

Y/n's p.o.v
My best friend Poland was coming over today! It has been such a long time since I've seen him. I got up from my bed and got ready. I decided to wear my (f/c) hoodie, (f/c) pants/shorts,and a pair of (name shoe brand you like)s just in case we decide to go to the park. As I was lacing my shoes, I heard a knock on the door. Still trying to lace my shoes, I hopped down stairs to open the door.

I opened the door revealing a rather familiar country. "(Y-y/n)! L-long time no s-see!" said Poland "I'm glad you invited me over." I smiled and welcomed in Poland "Do you want to go to the park later?" I asked closing the door. "Sure but what do we do in the meantime? " he asked. Now it was my time to answer ."Talk about want you've been doing the past, what?, five years before remembering me?" I joked. His face looked serious when I said that. "Or we can just play Uno or something." I quickly added.

"We could do that..." he said. I went to go get the box but I felt a tug on my sleeve. Suddenly I was pulled back with a strong pull."The Fu-" I started but was immediately cut off by Poland shoving his lips against mine.*' Poland is kissing me.....wait .....OH SHIT POLAND IS KISSING ME!!!!!! I didn't even know he was gay!!! Well maybe I had a* ***little*** *crush in him but still!!!! Imdying.....but.....it's actually kinda nice.'* was all I thought before he broke the kiss. But I didn't notice the desire to do more.

Poland's p.o.v
I parted our lips and looked at (Y/n). His (e/c) sparkled with confusion and desire. "Wha-what was that for? " he asked. "I did it because I love you,(Y/n)" I sighed looking away in embarrassment. *' Maybe I did the wrong thing'* I thought,regretting what I just did. I was soon tackled by da smol body of (Y/n). When I looked at him

his eyes were pure with happiness. He engulfed me in a tight hug and said " I wanna be gay with you too."

"Weren't we going to the park?" I asked hugging back, planting a kiss on his forehead. He got off me and helped me up. Afterwards we walked to the park. We came close to a pond and instantly (Y/n) ran up and splashed along shore (if you don't like water I'm sorry). I soon joined him and splashed some water on his (f/c) shirt. "You'll pay for this! " he said grabbing a bucket.

'*He has a bucket. Wait.....OH SHOOT HE HAS A BUCKET!!'* I said to myself as I soon sprinted to my house with (Y/n) close behind. As soon as I opened the door,(Y/n) pounced on me, causing us to fall onto the floor of my home. *'I am so glad my floors are carpet.'* I thought. I carried (Y/n) up the stairs to my room. I gave him one of my hoodies and left him there to make dinner. I slid down the stairs and walked into the kitchen.*'I wonder where I left it'* I thought to myself as I looked around the room. I turned to the stairs to see (Y/n) holding something. It was.....

Y/n's p.o.v
~flashback~
As Poland left the room I noticed something glistening before he closed the door. I put on the hoodie and walked towards it and picked it up. 'Why would he do this?' I thought as I held the metal blade. Then everything came in mind. I haven't seen him five years. Same time Third Reich, Fascist Italy, Japan Empire, and USSR performed their last deed. "I should have known, those basters will pay for this" I said to myself leaving the room....
~flashback end~

We stared at each other for the longest time until we broke into tears. I went to hug Poland."Why didn't you tell me or ask me for help?" I asked him. All I got were sobs and muffled apologies coming from the hoodie I was wearing. I planted gentle kisses all over his face. He eventually calmed down and showed me the scars of his battle. I grabbed his sleeve and went to the bathroom. Finding the first aid kit in the mirror cabinet, I carefully bandaged the cuts.

Then Poland silently sang "Once I had a child..." I then sang "If the

sun comes out, will you smile once again...". We sang short snippets of songs together before tears pricked the edges of our eyes. Poland then tightly hugged me. "Please don't leave me like they made me me leave you." he managed to say through the sniffles. I kissed his cheek gingerly and said "Why would I ever leave you? ". We left the bathroom and went to the kitchen. We ate in silence until we went to the living room.

"Can you tell me why? " I asked, breaking the silence. "No."he said turning away. I got up "I should be going,now." and walked towards the door. *'I guess he needs some time alone now'* I thought reaching for the door handle but it got stopped by another hand. Lips smashed against mine. I was dumbfounded as my lips parted with the others. "Please stay, (Y/n)." Poland said hugging me. I hugged back. "I said I would never leave you and I will promise that."

HAPPY PRIDE MONTH !!!!!!!! > w < If you want you can use paint , eye shadow , or something that can easily get off with water and paint your flag on your cheeks or anywhere appropriate . Only if you want >w<

Should I make more LGBTQ+ stories or should I just be all over the place with this book?????

Here's a non related story :3

Y/n was walking through the woods. Then they suddenly heard a gunshot in front of them. It came from.....Bakugo??? Y/n yeeted themselves as fast as they could to Edd's house. So Y/n called Edd but he didn't pick up. *'That's what I get for chugging his Cola that one time'* Y/n thought to themselves, Bakugo still behind them. Or so they thought. When they looked behind they saw him wrestling with Slenderman! Y/n continued running. Suddenly they tripped over Frisk. *' WHAT THE FUCK IS GOING ON '* Y/n pondered. Frisk looked at them and wondered ' *They don't have a gender .....just like me* - u - *'* as they went on their way to meet Bendy. Then Alexander came running though the woods looking for Phillip but bumped into Y/n instead. "WHERE IS MY SON!!!! HAVE YOU SEEN MY SON!?!?!?!?!" He shouted as he shook Y/n as fast as he could. Y/n was weirded out by all the fandoms Author has been in. Twilight Sparkle then made things even weirder by making Y/n wake up.

"Andrea is weird as fuck" Y/n said waking up in cold sweat. "**You might wanna rethink that**" said Andrea. Y/n then screeched like a little girl.

Graduation (Greece × Reader)

[image]

I haven't seen a Greece × reader and most people graduated this year from high school soooooooooooooooo have this . (c/f) is country flower.ˆwˆ

.....

what are the lesbian flag colors ??? I ask because that's the point in this chapter :3

Y/n's p.o.v

It's graduation day and I'm nervous as fuck! At least I'm graduating with my best friend Greece. We've worked really hard and somehow made it! We sit next to each other as our principal started the ceremony. "Good evening, class of (insert graduation year). You have come this far into life and it is an honorable moment to be here as former graduates..." she continued the speech as I fiddle with the flower the staff had given us by our choice. I had chosen a Bear's Breech. It's Greece's national flower after all.

I turned to her. She was holding a (c/f). My national flower. "As you all know,you each have a flower in your hand. When you are finished with your speech, give the flower to someone that is important in your life." our principal said before leaving the stage. When I was finished with my speech, I walked towards Greece. "You are someone *very* special to me, Greece. I give you this flower in a way more than a friend. Will you be by my side and be my girlfriend?" I got a few glares of disgust from some people but I didn't mind. They can burn in hell. All I want is for Greece to respond.

Greece 's p .o. v

It was my turn to get up. I was a little taken back by Y/n's confession. Yes I saw her with my national flower but I didn't think she would give it to me. I continued the ceremony as I clutched Y/n's flower in my right hand and my flower in the other. As I finish

my speech, I walk to Y/n and handed the (c/f) to her. "Y/n, I accept your love confession and I will be happy to be your girlfriend." I leaned in, making our lips touch for a brief second and sat down in my seat. I got kind nervous again.

Everyone stared at us. Either with disgust or with surprise. I just stared at the floor until the ceremony was over.

~later~

I met up with Y/n at the park. We decided to ditch the graduation party and just hung out instead. I turned to her "Hey Y/n..." "Yeah?" "Why did you choose me?" She stared at me for a moment. Her eyes went dull. "My parents weren't there." was all she said. I asked no more and hugged her. She seemed sad (no shit Sherlock). For now,I have to be by her side. Y/n hugged me tighter with sniffles becoming wails. "My parents were never there...and they never will be..." "Why do you say that?" "Before the ceremony..." Y/n started "There was an accident.....Dad got hit by a car and mom got shot..."

I was devastated at the moment. "I was busy decorating the gym for the stupid party when it happened and I couldn't go to the hospital to see them because the ceremony was starting and the news was last minute..." she said between sniffles. I planted a kiss on her cheek. "I can take you there I you want."

I'll end it here for now QwQ I will make a part two when I have time.

Germany: *flips through book* no, there isn't ...apparently????

~at the mall~

Lieo had to watch over Rea from running off and talking to strangers

Anray flirted with many men at the food court and Hot Topic. Lighting did the same but she flirted with the ladies instead.

Jun and Reaf got bobas and mochi while just walking around.

Echo and Andrea did the most randomest things and socialized with other humans and nekos.

Ame and Mexico argued about food and immigrant rights.

Here are what they looked like in the van

If you can't see it I'm sorry QwQ. The two hugging each other are Jun and Reaf. The one clinging to the seat belt is Echo. The one with her hands up is Rea. The two sleeping and drooling are Anray and Lighting. The one with headphones is Andrea. The one holding on for dear life is Mexico. Lastly the one driving like a hooligan is (you guessed it!!) Lieo .

LETS DO IT !!!!! *>w<*

Mom :?????

So here you go!!! A songfic??? Is that what it's called??? Idk QwQ
Also I'm very bad at writing about agnst so just to put that out.
Songs included:
Potato head by Melanie Martinez (I think)
Perfect by

Y/n's p.o.v

Baby if you're born with it
You can buy a couple ornaments

'Just make it simple and kill yourself'

"One ... two.....three.....four..." what was the point of keeping count anyways??? I know what the others think of me. Worthless in this stupid war.
All you can hear is the sounds of bombing by the Allies and Axis. I'm sure most people are suffering more than me.

Just be sure to read the warning kids

"Ten.....eleven.....twelve-"
I great force pushes me forward. It takes me awhile to realize what it is. A bomb. Yes I was close to the battle field but not that close. I

try to think whether or not I should get near it. The bomb had other plans. In a couple of seconds I felt more pain in legs than in my arms.

Cause soon you'll get bored of it

"Ha-ha-ha" I laugh out . No matter how much my arms and legs hurt, I got up and started to run. I hated the camps Third Reich had set up. I hated the way the staff treated us. I hated how they treated Russians. I hated the higher class. I hated this war.

The gun shots faded,so I slowed down a bit but continued on. A sudden flash of light caught me by surprise as I fell back due to my weak legs. I waited for the impact of the ground. But I never did. I was falling in the sky. Pretty normal,right???? I hit snow once I got to soil grounds. 'Snow . Freaking snow' I thought. I looked around. Where am I exactly??? I'm not sure for myself but it looked like the battle field. Only with snow. I shrieked when I felt something touch my hand.

"O-oh!!! I'm sorry for startling you! Are you okay???" I looked up to see a black, red, and yellow flag starring at me. "Y-yes I'm fine, who are you?? " I asked the flag. He extended his hand towards me and said "I'm Germany. Your son? ". 'My son??? I don't remember having a child' "I don't have a son" I simply said " You must've mistaken me for someone else."

Sexual , Hey girl if you wanna feel ***sexual*** *you can always call up a professional*

"How about I take you to dad. Maybe you'll remember then?"
I nodded *"An explanation is all I need other than warm clothing right now"* I thought

-TiMe skIp-

After borrowing some of Germany's clothes we went over to his father's house. Who is apparently my "husband". "Y/n? Is that really you? I can't believe it." Third engulfed me in a hug with tear pricking his eyes "I'm so sorry for treating you like I did,please forgive me!" I gave him a confused and lost look. "I don't

understand how I'm even here." I said looking down. He looked at me "Y/n? You know it's me right? Your lover …" I looked up at him, tears threatening to fall "I don't know how I'm here"

Hngh I have writers block TmT I don't know how to end this so um

Bye I guess :'3

I kept shouting 'Dear Theodorsia' in Clarisa and B.I.L's face like an idiot ._." But I had fun . I wish my friends were there

Person: what kind of person would not invite their friends over???
Andrea: They were busy with their every day casualties.

Other than that I just drew.

sigh 6 more years to go

Hetalia - hair scenerio

HELLO THERE !!!!! =) Anyways I had this in mind for awhile so I thought might as well as I finish up my other two chapters I'm working on .

Y / n asked * insert Hetalia character * to do their hair .

America/Alfred:

Short hair: simple brush through. Will occasionally make those braids were you start with one strand and connect another and continue on until he reaches the other side of your head if he feels like it. Would use a red/white/blue ribbon to tie it.

Medium hair: Might braid it but would mostly just put it up in a ponytail. Will use a red/white/blue ribbon

Long hair: Would just get two pieces of hair,twist both, and tie them together. Might use a star covered bow.

England/Arthur:

Short hair: Like America but with more effort. Would use common black ribbon to tie it.

Medium: Most likely would braid it. Might put a bow at the end. (Your colour choice)

Long hair: Simple brush through or ponytail it.

France/Francis:

No matter what size your hair is he would find a very complex way to style your hair

Canada/Matthew:

Short: Would do a small ponytail at the side of your head. Uses a f/

c ribbon to tie it.

Medium: Might just leave it as it is or French braid it. F/c colored ribbon to tie it .

Long: Either braided pigtails or ponytail pigtails. Might use f/c bow if wanted

Germany/Ludwig:

Would just put it up in a ponytail no matter how short or long your hair is. Don't argue when he pulls back your bangs.

Japan/Kiku(????):

Would ask why and what style. Most likely would just brush through and leave it as it is .

Italy/Felici(I think I'm still trying to figure out their names):

Short: Pigtails or leave it as it is

Medium: Would just put random hair clips in your hair + pigtails of your choice

Long: Same as medium but with a very loose ponytail

China/Yao (Xiao is 2p right???):

Short: Would loosely or firmly pigtail it with f/c ribbons

Medium: Simple side ponytail. Might use common black ribbon to tie it . Or a bow if you want

Long: Braided pigtails tied with f/c ribbon

Prussia/Gilbert:
"Why would you ask zhe awezome Prussia to do your hair"
Nevertheless he and Gilbird would work together

Short: The braid from like Alfred and England but would Gilbird put in ornaments at the end. Tied with common black ribbon.

Medium and long: Simple brush through and might put in hair clips

Russia/Viktor(I get mixed up with the 2ps TwT):

Short: Would make pigtails with f/c bows or hair clips if you wanted

Medium: Might ponytail it or leave it as it is. Bow if wanted

Long: Leave it as it is if you wanted. Would put in a headband if wanted

"You like it, da?" ^J^

I got names wrong QwQ please correct me . * inhale * ILOVEYOUALLMYRUBIESANDWATERLILLIESBORNINJULY * exhale * Okie Third Reich is gonna be in the next xreader and if I can get things loading some art as well . If I missed any Hetalia characters let me know .

Prioré: My sneeze landed on the wall, then it caught on fire

Jolene: Oh no

Prioré: So I tried to stomp on it...but then my foot went through the wall. So that's how the hole got there

Jolene: ... how did you stomp on it though???

Prioré: Oh I didn't, I tried to kick it off, but at least there isn't a fire :3
